

ENBRIDGE PROJECT UPDATE

UPCOMING
WORK

•
MAY 28- JUNE 3

What to expect this week:

Construction

- Pouring concrete and removing forms at the crossover assembly site north of Mountain House Road
- Welding a portion of the new crossover assembly north of Mountain House Rd. and preparing for testing
- Installing concrete forms at the McLeese Lake crossover assembly site
- Digging small holes (12"x12') to view pipeline in preparation for excavation the following week

Flaggers are onsite and project signage is in place. To ensure your safety and the safety of the crew, please obey to the speed limits posted.

REMINDERS:
