

ENBRIDGE PROJECT UPDATE

UPCOMING
WORK

•
JUNE 12-18TH

What to expect this week:

Construction

- Delivering and preparing pipe
- Bending and welding pipes
- Welding pipe bends at McLeese Lake site
- Preparing for pipeline shutdown (McLeese Lk)
- Continued daily water control for road and pipeline right of way to minimize dust
- Sealing top soil piles to ensure preservation

Smudging was performed by a community Elder for the project kick-off on Monday June 5th.

REMINDERS:

H2S Alive training – June 12th 8am -5pm

First Aid Level 1 training – June 13th & 14th 8am-5pm

Community tours of the construction sites are available at upon request

Contact Miriam Schilling at the band office regarding employment opportunities
